

GREAT EXPECTATIONS

2 Kings 5:1-14

Naaman - healed of leprosy after full obedience to God,
hopeless > restored

For reflection:

- What is my/our baggage?
- What is 'leprosy' in my life /our life together?
- Where is pride & arrogance in my/our life?
- Do I/we listen when others point to God's ways?
- Do I/we point to God's ways for others?
- What battles are so much bigger than me/us?
- What does humble obedience to God look like?

We are called to acts of hope, justice & mercy individually & as a community together ...

So he went down & dipped himself in the Jordan 7 times, as the man of God had told him, & his flesh was restored & became clean like that of a young boy.
